

6th April 2009

The CSS has set up its portal!

To meet the needs of our customers and our employees abroad, the MBDA's Directorate of Customer Support & Services has developed a new portal, available on the Internet.

The purpose is to facilitate and optimize the exchange of information but also provide a real responsiveness to answer the numerous questions from our various stakeholders.

We invite you to log in to discover all the services available online. Feel free to contact us!
