

Dear all,

MBDA is pleased to welcome you to the following press briefings at Le Bourget:

1. Date / time: **Tuesday, 21st June at 08.30 a.m.**
Topic: **Concept Visions, Perseus missile**
Venue: **Main MBDA Chalet B165**

Anti-ship missions combined with deep strike delivered by aircraft and naval platforms will be very different in 2030. During a breakfast briefing hosted by Steve Wadey, MBDA Executive Group Director Technical and Managing Director MBDA UK, MBDA experts will explain just how much the naval paradigm is going to change and how the all new Perseus concept missile will meet the future requirement.

To get an early preview of this radically new concept, visit our website at: <http://www.mbda-systems.com/mbda/site/video/>.

2. Date / time: **Tuesday, 21st June at 09.30 a.m.**
Topic: **MBDA missiles deployed during Operation Unified Protector in Libya**
Venue: **Main MBDA Chalet B165**

MBDA weapons including Dual Mode Brimstone and Storm Shadow are contributing significantly to the allied firepower deployed in Operation Unified Protector. Just returned from combat operations, a RAF Tornado GR4 crew will give first hand details of their experiences in theatre.

3. Date / time: **Tuesday, 21st June at 10.30 a.m.**
Topic: **MBDA new strategy in East Europe**
Venue: **MBDA Press Chalet B165**

Antonio Perfetti, MBDA Executive Group Sales and Business Development Director and Managing Director MBDA Italia, will focus on East European cooperation, with the spotlight on Poland and a new industrial partnership within the Czech Republic

4. Date / time: **Wednesday, 22nd June at 10.30 a.m.**
Topic: **PARS 3 LR update**
Venue: **MBDA Press Chalet B165**

Peter Meuthen, Head of Battlefield Engagement MBDA Deutschland, will outline the PARS 3 firing campaign on the Tiger helicopter carried out by MBDA Deutschland as well as other current programme activities

Hoping to have the pleasure of seeing you there,

Very best regards,

Jean Dupont
