

Airtech 2014

MBDA attended the 9th **International Aerospace Supply Fair** on Tuesday 28th – Thursday 30th October 2014, in Frankfurt, Germany; one of Europe's most contemporary cities. Representatives from MBDA Italy, who sit on the advisory committee, and MBDA UK, attended as VIP contributors.

With 6,300 Business To Business meetings taking place, 500 exhibitors and 800 attendees the Airtech event “**drives Business and Technology**”; inspiring future accomplishment and the opportunity to network through pre-scheduled meetings.

With companies from 45 nations engaging in the occasion, MBDA's diary was filled with seminar talks, and discussions with aerospace and defence primes, Original Equipment Manufacturers and Small to Medium Enterprises – regarding metal components & assemblies, product design and development of aerospace engineering. Through discussing requirements, MBDA had a chance to meet with potential suppliers and deliberate ongoing innovation.

MBDA regularly attends events such as, Airtech, in Europe and encourages potential suppliers to engage with us within these forums.
